

A  
 I shoulda seen you coming from a mile away  
 D  
 But your winning smile made whatever you'd say  
 A E7  
 Draw me like a moth to a flame ... thrower  
 A  
 You're like ants and rain at a barbecue  
 D  
 Like a fly to a frog, I was taken by you  
 A E7 A A7  
 I can't seem to shake you though it's over ... (thankfully)

====Chorus

D A  
 For the record, you're not as heartless as you seem.  
 D A E7  
 In all fairness it looks hard to be so bitter and mean  
 A  
 I've heard the tales you're tellin' 'bout me  
 D  
 But your grip on the truth has always been free  
 A E7 A  
 Like the light you shared with me when we first met.

=====

A  
 You took to me like a flat to a tire  
 D  
 Like a dam to a river and my inner choir  
 A E7  
 Kept waving and hollering RUN!! at a fever pitch  
 A  
 I tried everything within my power  
 D  
 But your mood only ranges from cranky to sour

A E7 A  
 And never have I fallen for such a ... challenging individual CHORUS

A E7 A  
 And never have I fallen for such a ... challenging individual
