

All's Not Lost - Clare Innes 9/1/20

C
 Sometimes the hands don't make it
 G7
 All the way around the clock face anymore
 And it takes an extra pull or two
 C
 To turn the engine over
 C7
 My giddy-up's gone on without me
 F
 And it's headed for the hills
 D D7
 A nice long nap in a sunbeam
 G7
 Counts as one of my biggest thrills

=====**CHORUS**=====

[C] C F
 But hey now, all's not lost - Look! My T's are dotted and my I's are crossed
 C D G7
 No - all's not lost - I'm even wearing matching socks
 F
 Some days'll feel like I've lost my way
 C A7
 Like the sun's gone down and it's there to stay
 D7
 But I won't give up 'cause I'm here to say
 G C
 I'll be back again tomorrow.

=====
 C
 Well, it's hard to keep all that cheer in mind
 G7
 When the wind won't fill my sails
 And my diary is just one long stream
 C
 Of the same old epic fails
 C7
 I tried loving and singing and dancing
 F
 Like nobody's watching til I nearly hurled
 D D7
 And I broke my leg and my reputation
 G7
 And I didn't even get the girl CHORUS
